

TECHNICAL SPECIFICATIONS

DEVICE: iClean® PRO

With the press of a button, The **iClean® PRO** turns ordinary cold tap water into **Stabilized Aqueous Ozone (SAO®)**, a powerful natural cleaner, deodorizer and sanitizer.

PRODUCT DESCRIPTION

Model	LQFC300
Charger	Connect to USB outlet/adaptor 5VDC, ≥1A
Battery	7.4V Li-ion
Size	100 x 80 x 270 mm
O ₃ Concentration	Up to 2.5 ppm ¹
Reservoir Size	350ml
Net Weight	364g
Charging Time	One hour
Charge Duration	> 40 reservoirs ²
Water Quality	Cold clean tap water
Water Temperature	4-40°C
Current Density	360Wh/L (up to 1,000 charges)

NEW!

¹ Maximum achieved with bottled water.

² Or > 14L of SAO®

REGULATORY INFORMATION

EPA Site Registration No.: 93508-CHN-1

FDA Safe Designation: 21CFR184.1563

HACCP Registration No.: PE-684-IO-03

COR Kosher Certification: COR103214

Halal Certification: ON.0019.CA

OSHA: Off-gas O₃ < 0.1 ppm PEL

Cleaning Standard: Meets Green Seal™ GS-8, GS-37, GS-52, & GS-53 standards

California Code: Does not contain VOCs

Food-Contact Surfaces: NSF, EN 1276, AOAC 960.09 *

Hard Surfaces: ASTM E1153, EN 13697, EN 14476, EN 1040 & AOAC 960.09 *

Certifications: BOMA Best, HACCP, LEED

Deodorizing Testing: Fabric Surface Sanitizer Method using *Proteus mirabilis* resulting in 79.3% reduction.
